

# USER GUIDE

## MAPLEARN EDU

# I. Overview

Welcome to **Maplearn Edu**, a modern online learning platform built with **Next.js**, designed to deliver a fast, secure, and user-friendly learning experience. By combining optimized page loading speed, powerful SEO, and an intuitive interface, Maplearn Edu enables learners to easily access materials, courses, and study tools anytime, anywhere. It provides a smart, seamless, and inspiring learning environment for everyone.

## This Website Offers:

- ✓ **Course Categories:** Browse through comprehensive educational courses with advanced filtering by **subject**, **grade level**, and **difficulty**.
- ✓ **Online Exam:** Take **exams** with **instant results**, detailed feedback, and **performance rankings**.
- ✓ **Secure payment:** Complete a streamlined **course** purchase **payment** process that **supports many payment methods**.
- ✓ **AI Learning Assistant:** Get instant help with course content and personalized study recommendations.
- ✓ **Real-time Notifications:** Stay updated with course announcements, payment confirmations, and achievement alerts.
- ✓ **Personal Dashboard:** Manage your enrolled courses, view payment history, and monitor learning achievements.

To experience the full functionality of **Maplearn Edu**, please ensure:

- You have a **stable internet connection** for smooth performance.
- You are using a **modern browser** such as **Google Chrome**, **Mozilla Firefox**, **Microsoft Edge**, or **Safari**.
- JavaScript is enabled, as this is a **Next.js-based** application requiring client-side interactivity.
- If running locally, **Node.js** (version 23.5 or later) **and npm** are installed to serve

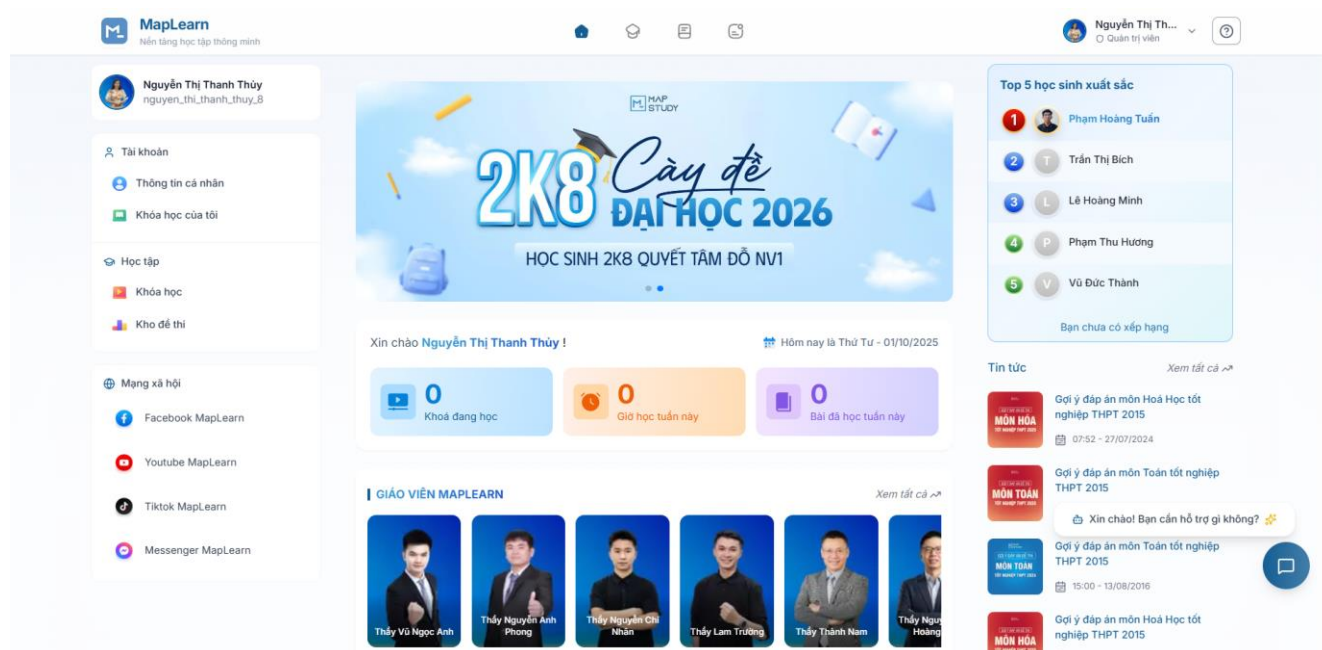

the development environment.

## II. Instruction

This section provides step-by-step guidance on how to navigate the **Maplearn Edu** website effectively.

### 1. Logo & Homepage Navigation

- The **Maplearn Edu logo** is positioned at the **top left corner** of the website.
- Clicking on the **logo** will always redirect you to the **homepage**.

**Figure 1. Logo and homepage with logo position in the top left corner.**

### 2. Navigation Bar

The **navigation bar** is located **to the right of the logo** and serves as the main method of accessing different sections of the website..

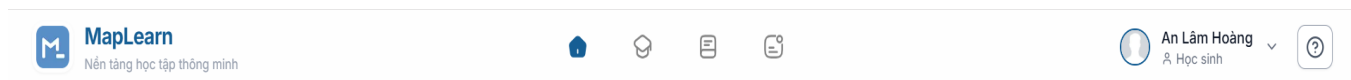

**How to Navigate the Website:**

❖ **Homepage**

- Click on **HOME ICON** or the **Maplearn Edu logo** to return to the homepage.

#### ❖ **Main Navigation Menu (Top Header)**

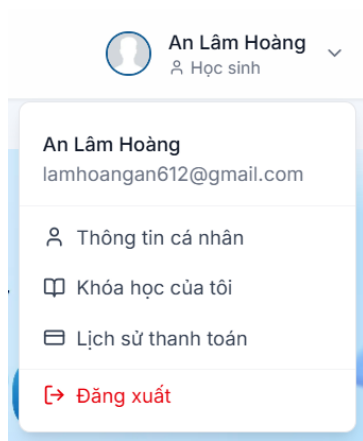

- Click on **Home icon** - Return to homepage with dashboard and course recommendations.
- Click on **Courses icon** - Browse all available courses and educational content.
- Click on **Practice Tests icon** - Browse and choose from available tests.
- Click on **News icon** - Read latest educational news and platform updates.

**Figure 2. Menu bar with Home, Courses, Practice Tests, News icons.**

#### ❖ **User Profile Section (*Hover Only - When Logged In*)**

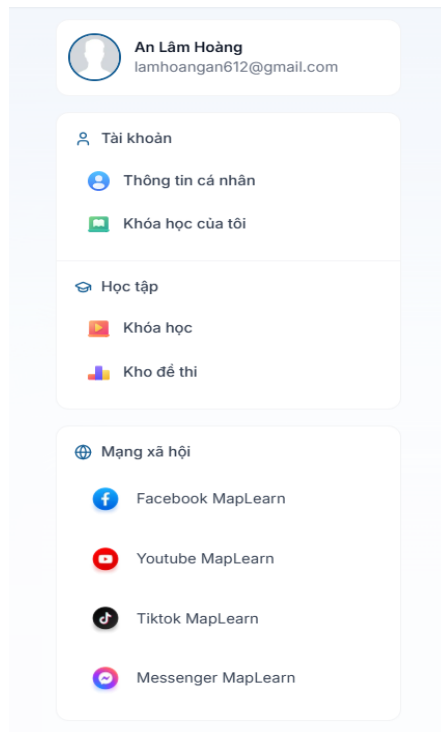

- Hover over your **Profile Avatar** to access dropdown menu:
  - Click on **“Personal Information”** – View and edit personal profile information.
  - Click on **“My Courses”** – Access enrolled courses and learning progress.
  - Click on **“Payment History”** – Review payment transactions and purchase history.
  - Click on **“Logout”** – Sign out of your account.

**Figure 3. Drop-down menu displays when hovering over the user's avatar.**

❖ **Left Sidebar Navigation (Desktop Only)**

- **Account Section** (When Logged In).
  - Click on **“Personal Information”** - Manage account settings and profile.
  - Click on **“My Courses”** - View enrolled courses and progress.
- **Learning Section**
  - Click on **“Courses”** Browse and search all available courses.
  - Click on **“Exam Library”** Access exam library and practice tests.
- **Social Media Section**
  - Click on **“Facebook MapLearn”** Follow official Facebook page.
  - Click on **“Youtube MapLearn”** Subscribe to educational videos.
  - Click on **“Tiktok MapLearn”** Follow for quick learning tips.
  - Click on **“Messenger MapLearn”** Direct messaging support.

**Figure 4. Sidebar interface on the left on the Desktop screen.**

❖ **Course Hover Preview – Quick Course Info**

- **Hover to Preview** (Desktop Only): View detailed tooltips by hovering over any course card on the homepage:
  - **Course Title:** Full course name with clickable link.
  - **Last Updated:** When course content was last modified.
  - **Student reviews:** Star rating and number of reviews.
  - **Course Price:** Transparent pricing displayed on each course card.

## | ĐƯỢC GỢI Ý CHO BẠN

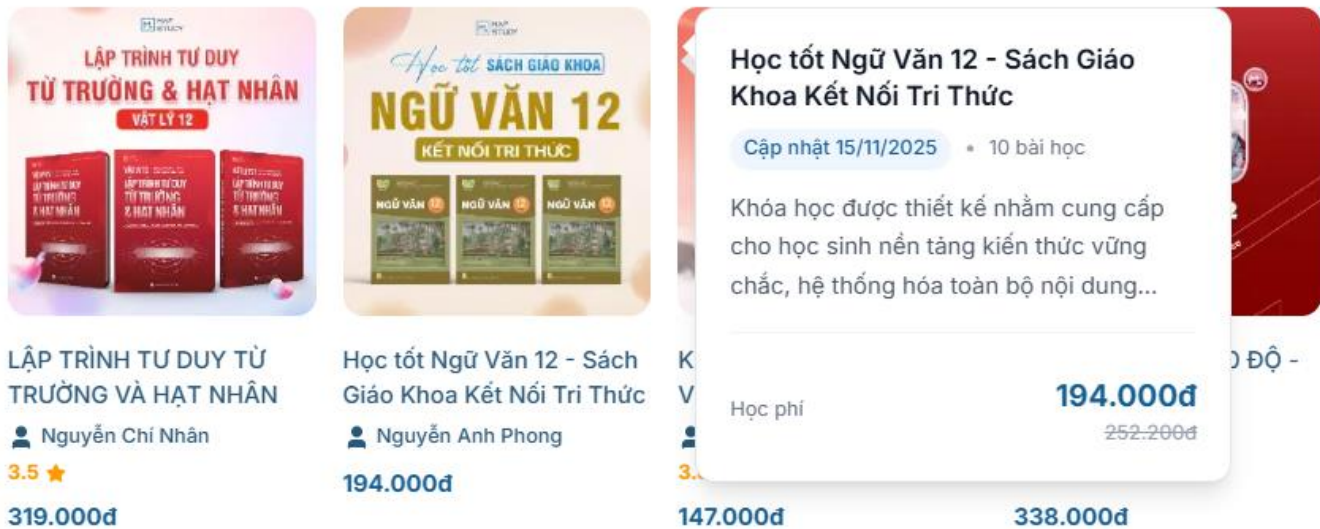

Figure 5. Course card preview when hovering (showing name, price, rating).

### ❖ AI CHATBOX - COURSE CONSULTATION

- **AI Chatbot (Bottom Right Corner):**
  - **Function:** Recommends suitable courses based on your needs.
  - **Activation:** Click "Hello! Do you need any help?" or button.
  - **AI Asks About:** Grade level, exam subjects, budget, goals.
  - **Explanations:** Why each course fits your requirements.
  - **Recommendations:** 3-5 most suitable courses.

### ❖ News Section

- **Latest News Content:**
  - **Recent News:** Displays the 10 most recent news.
  - **Quick Preview:** Title, thumbnail, and publication date.
  - **Direct link:** Click to read full news.

- **Auto-refresh:** Content updates automatically.

### 3. Additional Navigation Features

#### ❖ **Scroll to Top Button** (*Quick page navigation*)

- A floating “**Scroll to Top**” button is available at the bottom-right of the page.
- Click it to instantly return to the top of the page.

**Maplearn Edu** is designed to provide a smooth, interactive, and user-friendly learning experience. Whether you're exploring courses, taking practice tests, or tracking your progress, navigation is seamless and intuitive. Enjoy learning with us!

## III. Information about the Web pages

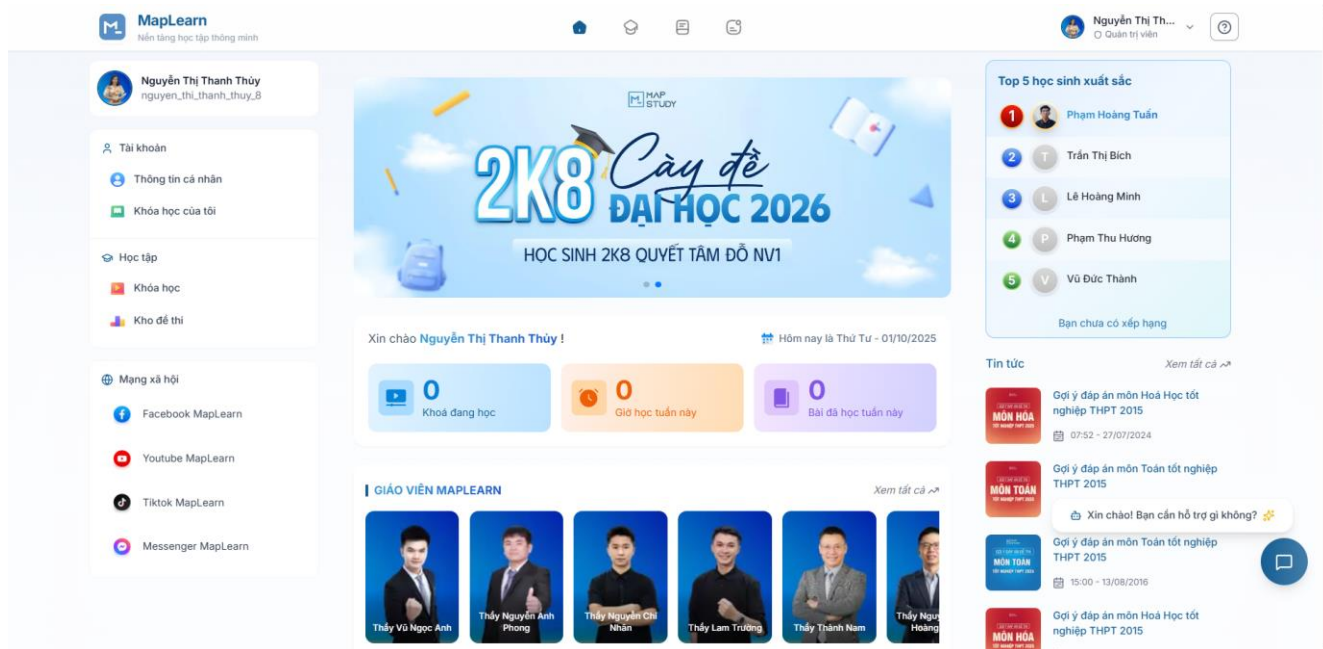

### 1. Home Page

The **Home Page** serves as the main entry point to the website, offering an overview of the brand, products, and promotions. Key features include:

- **Header Navigation Bar** – Provides quick access to all major sections, including Courses, Online Exams, Articles, Teachers, Profile, and Notifications.
- **Desktop Sidebar** – Left-side navigation with user profile, learning sections (My Courses, Payment History, Certificates), and social media links.
- **Mobile Bottom Navigation** - Touch-optimized navigation for mobile devices with core functionality access.
- **Main Content Section:**
  - **Personalized Dashboard** – Displays user's learning progress, recently accessed courses, and customized recommendations.

- **Teachers** – Browse the list of instructors available on Maplearn Edu.
- **Course Highlights Section:**
  - **Recommended Courses** – AI-powered course suggestions based on user's learning history and preferences.
  - **Popular Courses** – Most enrolled and highly-rated courses.
- **Right Sidebar Content Section**
  - **Top Students Leaderboard** – Recognition of high-achieving learners.
  - **Latest news** – Update the latest system news.
- **Course Consultation Chatbot** – bottom-right AI assistant for personalized course recommendations based on user's academic goals, grade level, and budget.
- **Footer Section**
  - **Contact Information** – Support channels and customer service details.
  - **Platform Policies** – Terms of service, privacy policy, and information.
  - **Social Media Integration** - Links to Facebook, YouTube, Message and Tiktok.

**Figure 6. Homepage with dashboard, list teacher, leaderboard....**

## 2. Courses Page

The **Courses Page** serves as the comprehensive course discovery and browsing hub, allowing students to explore and filter through all available educational content. Key features include:

- **Navigation Structure:**
  - **Left Sidebar** – Course category navigation with visual icons and active state indicators.
  - **Main Content Area** – Course listings with advanced filtering and search capabilities.
  - **Responsive Layout** – Adaptive design that collapses sidebar on mobile devices.
- **Course Display**
  - **Interactive Course Cards** – Hover effects showing detailed course information (desktop only).

- **Course Information Display:**
  - Course thumbnail and title.
  - Teacher name and credentials.
  - Student ratings.
  - Pricing information with discount display.
- **Category Navigation (Left Sidebar):** Explore different groups of courses tailored for each grade level and learning need.
- **Grade Level Filtering:** Browse courses and assessments organized by grade level and learning focus.
- **Tag-based Selection** – Horizontal scrollable tags with active state highlighting.
- **Search and Filtering System**
  - **Advanced Search Bar** – Text-based course search with real-time results.
  - **Multi-criteria Filter** – Comprehensive filtering options including:
    - Time-based sorting (newest/oldest).
    - Rating levels (4.5+ stars, 4+ stars, 3.5+ stars, 3+ stars).
    - Enrollment count (ascending/descending).
    - Price ranges (Free, Under 500k, 500k-1M, 1M-2M, Above 2M).
    - Duration categories (Under 10 hours, 10-50 hours, Over 50 hours).
    - Teacher selection (multi-select dropdown).
    - Active course status (hide upcoming courses).

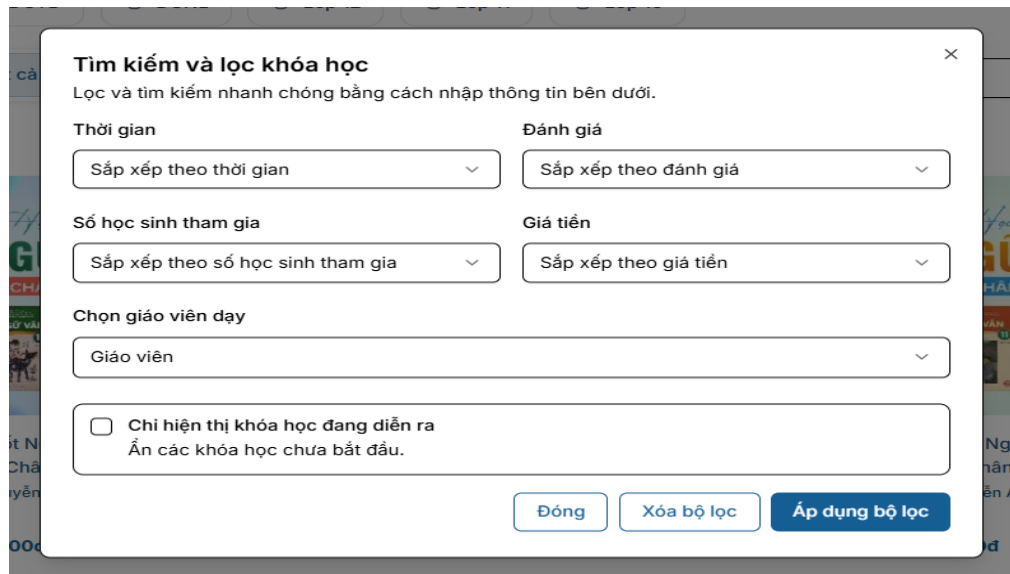

Figure 7. Advanced search bar and multi-criteria filtering options on the Courses page.

- **Subject Classification**
  - **Core Subjects:** Learn key subjects including Math, Science, Languages, and Literature.
  - **Smooth Transitions:** Animated tab switching with border and background color changes.

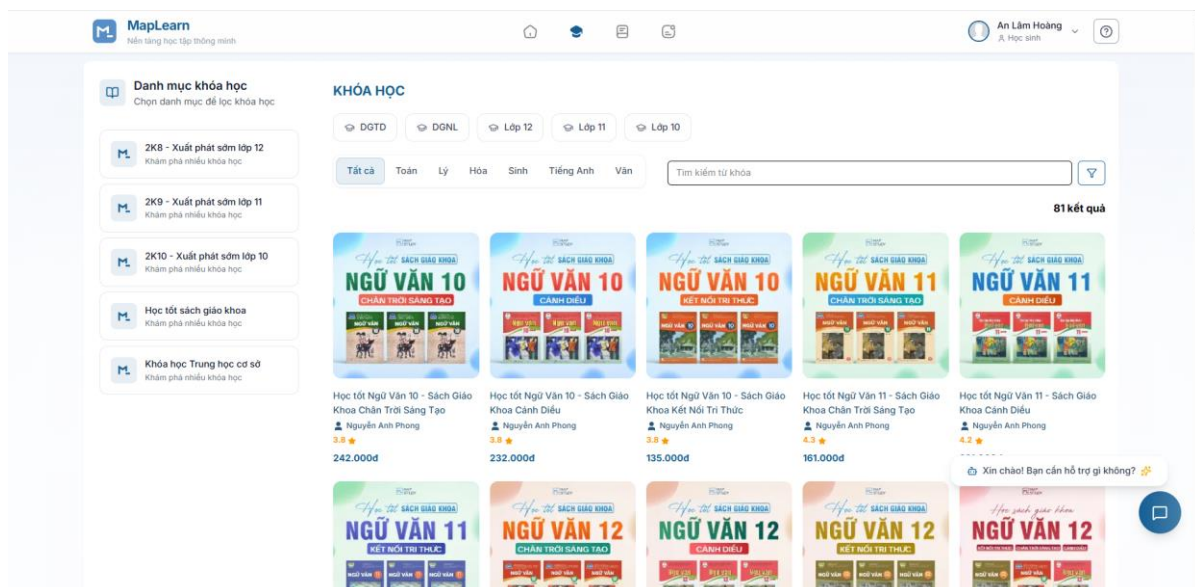

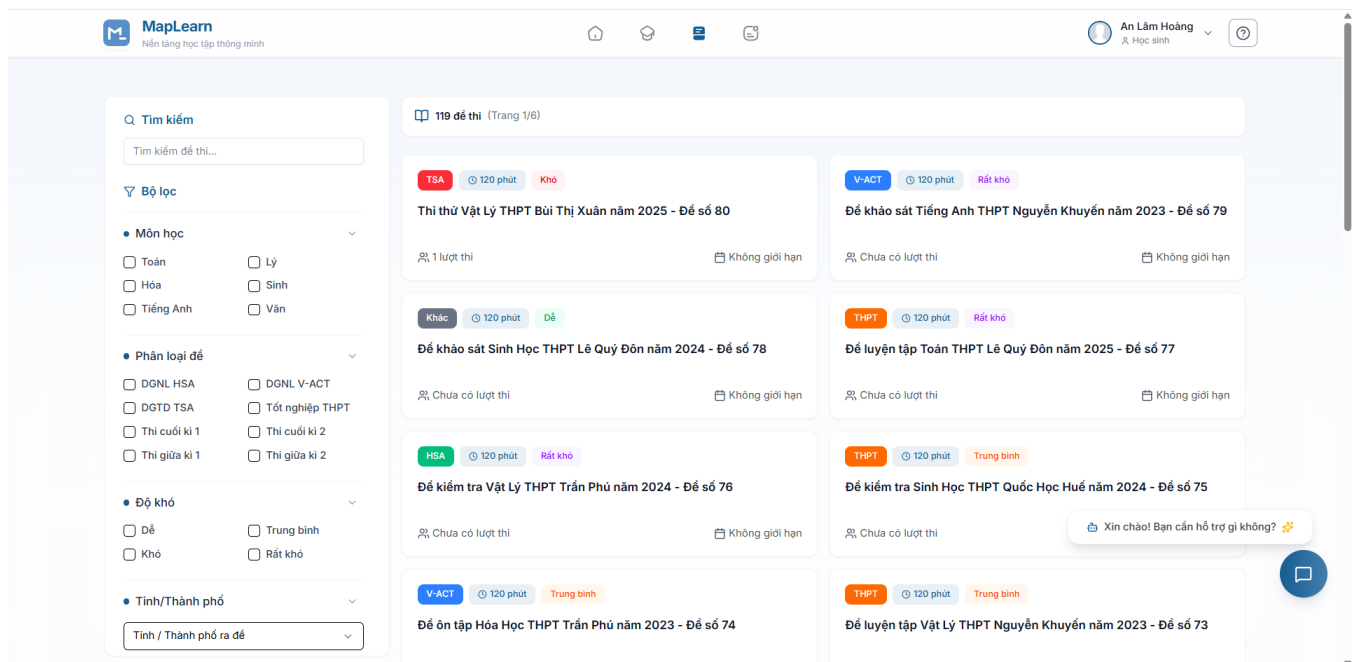

Figure 8. Courses page with course cards and filtering sidebar.

### 3. Exam Repository Page

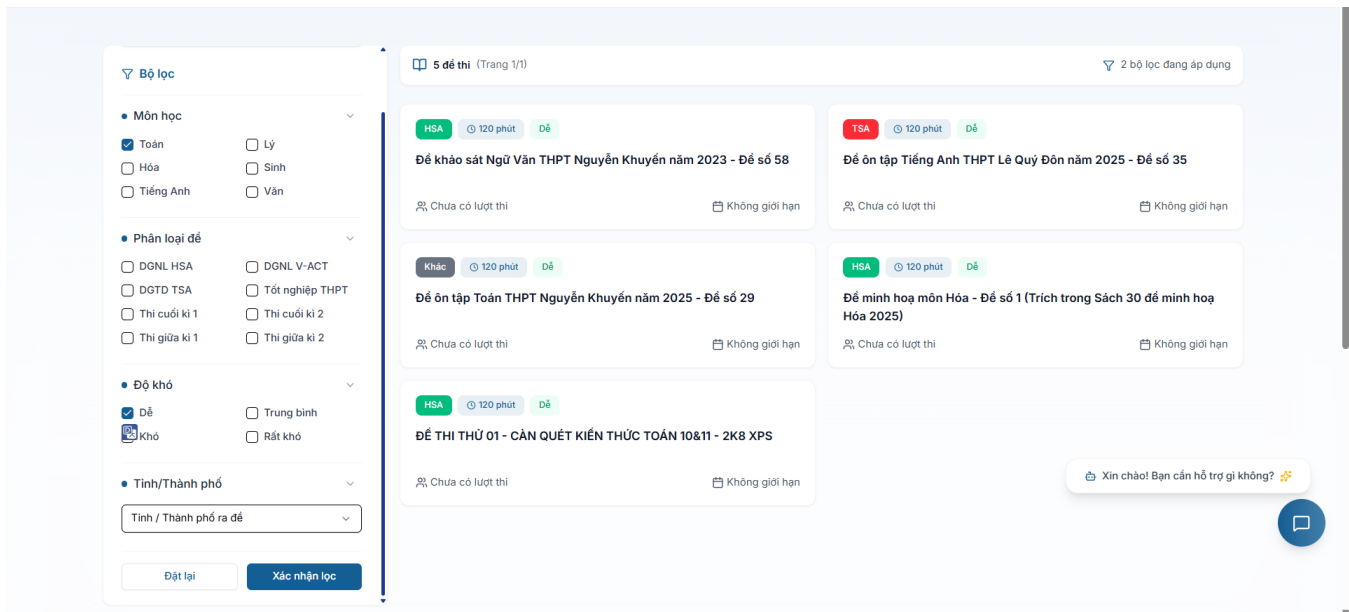

The **Exam Repository Page** serves as a comprehensive exam discovery and management platform, providing students with access to a vast collection of practice tests and official examinations. Key features include:

- **Page structure and layout**
  - **Two-column layout** – Advanced filtering sidebar on the left, quiz list on the right.
  - **Sticky Filter Panel** - Filter sidebar remains accessible while scrolling.
  - **Real-time results** - Test list updates dynamically based on applied filters.
- **Advanced Filtering System (Left Sidebar)**
  - **Filters Search:**
    - Real-time text search.
    - **Subjects:** Math, Physics, Chemistry, Biology, English, Literature (checkbox).
    - **Exam Categories:** DGNL HSA, DGNL V-ACT, DGTD TSA, High School Graduation, Midterms & Finals.
    - **Difficulty Levels:** Easy, Normal, Hard, Very Hard – checkbox grid.
    - **Provinces:** Multi-select dropdown with full province/city coverage.
- **Exam Display (Main Content)**
  - **Total Count Display** – Shows number of matching exams with formatting.
  - **Pagination Info** – Current page and total pages indicator.
  - **Active Filter Counter** – Visual indicator of applied filters.

- **Exam Information Display**
  - **Duration Badge** – Clock icon with exam time in minutes.
  - **Difficulty Badge** – Color-coded difficulty level indicator.
  - **Exam Title** – Clickable title with hover color transitions.
  - **Statistics Row:**
    - User count with attempt statistics.
    - End date indicator.
    - Calendar and Users icons for visual clarity.

**Figure 9. Exam repository page with filtering sidebar and exam list.**

**Figure 10. Filtering by subject and difficulty updates the exam list in real time.**

## 4. News Page

The **News page** serves as a comprehensive news and educational content hub, providing students access to the latest education news, study tips, and platform updates. Key features include:

- **Page Structure and Layout**
  - **Clean Layout** – Minimalist design focused on content readability.
  - **Responsive Grid** – Two-column layout on desktop, single column on mobile.
  - **Suspense Loading** – Smooth loading experience with skeleton screens.
- **Search Functionality**
  - **Text Search Bar** – Search articles by title with real-time filtering.
  - **Keyword Input** – Placeholder text.
- **Advanced Filtering (Dialog Modal)**

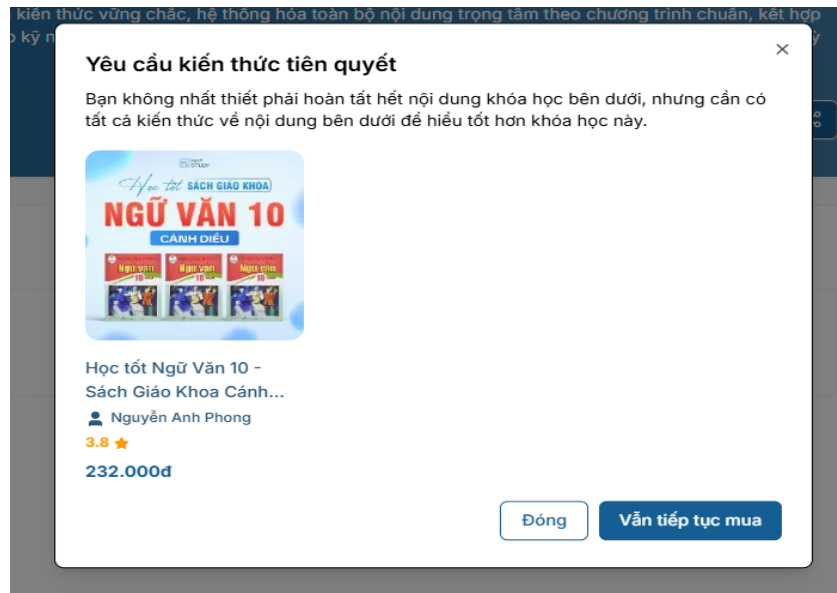

- **Sort based on time.**
- **Publication date (Posting date):**
  - Newest (Newest first) - created\_at.
  - Oldest (Oldest) - created\_at.
- **Views:**
  - Descending – views.
  - Ascending (Ascending) – views.
- **All main subjects:** Math, Physics, Chemistry, Biology, English, LiteratureFilter articles by specific topics.
- **News Display (Main Content)**
  - Thumbnail preview.
  - Title: Article headline in bold, truncated for long titles.
  - Publication Date: Formatted date display.
  - 16 articles per page with pagination controls.
  - Skeleton loading states during data fetching.
  - Click anywhere on card to open full article.

## 5. Course Purchase Detail Page

- **Page Layout Structure**
  - **Two-Column Layout:**
    - **Left column** (Main content): Course details, curriculum, related courses.

- **Right column** : Purchase card, Course information, action button.
- **Purchase Card**
  - **Course Preview Section:**
    - Intro Video/Thumbnail: Clickable preview with play button overlay.
    - Teacher Information: Instructor name.
    - Pricing Display.
  - **Buy now button**
    - **Action Button Logic:**
      - Not Logged In: "Please log in to purchase this course".
      - **Has Prerequisites: "Buy Now"** → opens Prerequisite Dialog.
      - **No Prerequisites: "Buy Now"** → opens Payment Dialog directly.
  - **Prerequisite dialog box content:**
    - Title: "Prerequisite Knowledge Required".
    - Description: "You don't necessarily have to complete all content of the course below, but you need to have all the knowledge about the content below to better understand this course."
    - Prerequisite Course Card: Displays prerequisite course info (thumbnail, title, teacher).

**Figure 11. Prerequisite dialog box before purchasing a course.**

- **Payment Method Dialog**
  - Bank transfer (Recommended badge).
  - Pay with MOMO e-wallet.
  - Pay instantly via QR/app Automatic verification VNPAY.
  - Pay instantly with ZaloPay.
  - Payment by card (under development).

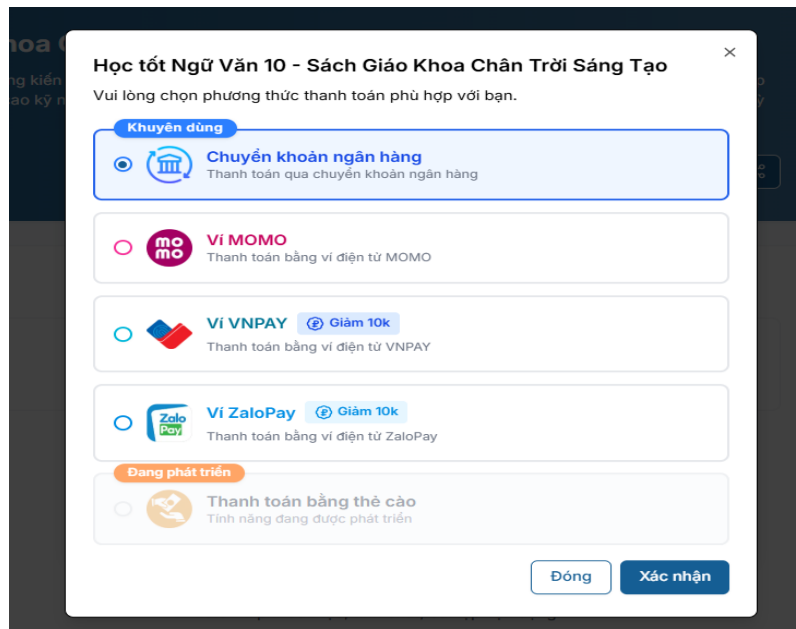

Figure 12. Payment method dialog with available payment options.

## 6. Course Video Learning Page

### • Page Layout Structure

#### ○ Two-Column Layout:

- **Left Column (Main Content):** Video player, lesson info,

navigation controls, course details.

- **Right Sidebar:** Course progress, lesson navigation, AI chatbot, exam access.
- **Video Player Section**
  - **Video Player Features:**
    - Full-screen black background video container.
    - 16:6 aspect ratio for optimal viewing.
    - Progress tracking: Automatically saves current watch time.
    - Auto-advance: Moves to next lesson when video completes.
    - Resume functionality: Continues from last watched position.

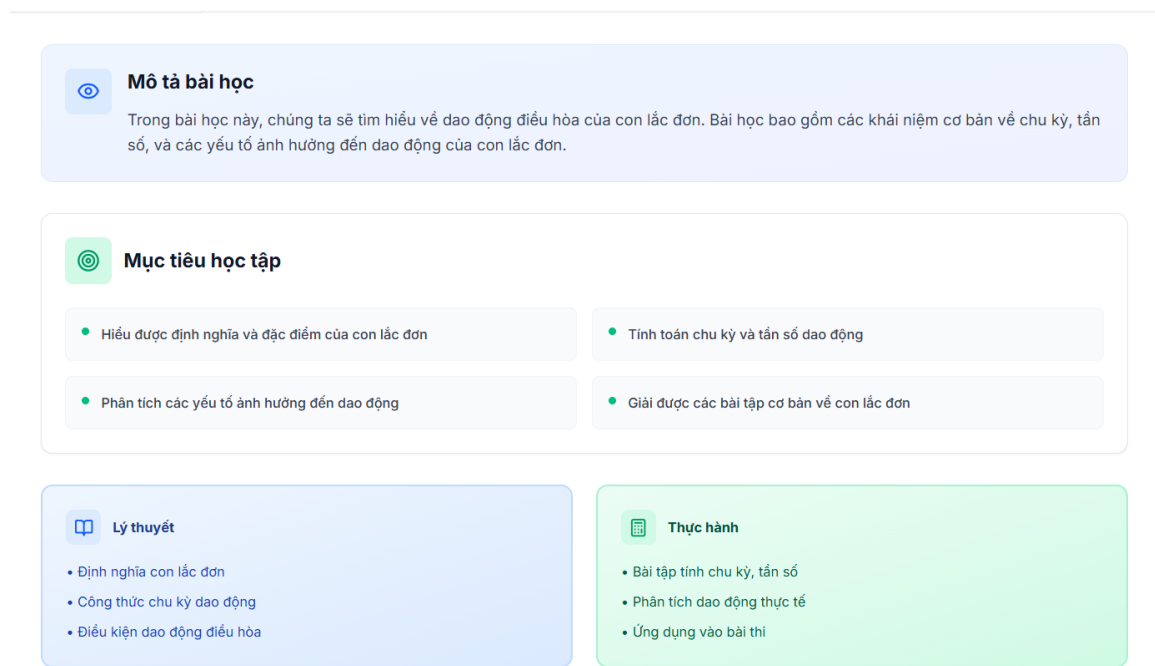

**Figure 14 Video player section with progress tracking and controls.**

- **Lesson Information Card**
  - **Lesson Header:**
    - PlayCircle icon with blue accent styling.
    - Lesson title in large semibold font.

- Progress indicator: "Lesson X/Y" badge in blue.
  - Chapter information: Shows chapter title.
  - Duration display: Formatted lesson length (HH:MM:SS).
- **Previous/Next Navigation:**
  - **Previous Lesson Button:**
    - ChevronLeft icon + "Previous Lesson" text.
    - Disabled if first lesson in course.
  - **Next Lesson Button:**
    - Primary blue styling with "Next Lesson" + ChevronRight.
    - Disabled if last lesson in course.
- **Interactive Action Buttons:**
  - **Like Button:** ThumbsUp icon with like count.
  - **Bookmark:** Save lesson for later reference.
  - **Share:** Social sharing functionality.
- **Course Information Section**
  - **Course Overview:**
    - **Course badges:** "Bestseller" and "Premium Course" tags.
    - Lesson title and content description.
    - Instructor profile with verified checkmark.
    - **Course statistics:** Ratings, enrolled students, lessons count.

- **Course Metrics:**
  - **Total Lessons:** Number of video lectures.
  - **Total Duration:** Course length in hours.
  - **Assignments:** Practice exercises count.
  - **Certificate:** Completion certificate availability.

**Figure 15. Course information section with overview and metrics.**

- **Discussion Tab**
  - **Discussion Features:**
    - "Ask Question" button in primary blue.
    - Student comments with avatar circles and colored gradients.
    - Interaction elements: Like counts, reply options.
    - Nested reply structure with indentation.

- Timestamp display for each comment.

**Figure 16. Discussion tab with questions, comments, and replies.**

- **Notes Tab**
  - **Personal Notes Interface:**
    - "Add Note" button for creating new notes.
    - Large textarea for writing personal notes.
    - Auto-save notification with Clock icon.
    - "Save Note" button for manual saving.

**Figure 17. Notes tab with personal note-taking interface.**

- **Resources Tab**

- **Downloadable Files Section:**
  - PDF slide presentations with FileText icon and red styling.
  - Practice worksheets with Calculator icon and green styling.
  - File size and format information (PDF, DOCX, MB).
  - Download buttons with primary blue styling.

## • Quiz & Exercises Tab

- **Quiz Summary Cards (3-column grid):**
  - Multiple Choice Questions: Blue card showing count.
  - Essay Questions: Green card with Calculator icon.
  - Time Limit: Purple card with Clock icon.

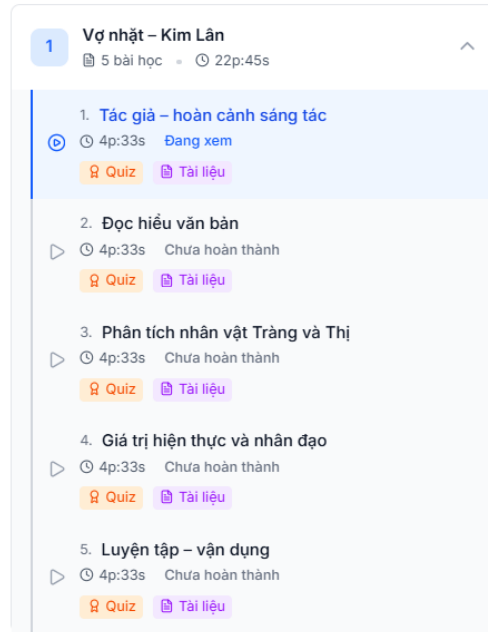

**Figure 19. Quiz summary cards showing question types and time limit.**

- **Tab Navigation System**

- **Content (BookOpen icon):** Course curriculum and progress.
- **Comments (MessageCircle icon):** Lesson discussions.
- **AI Assistant (Brain icon):** Chatbot for course help.

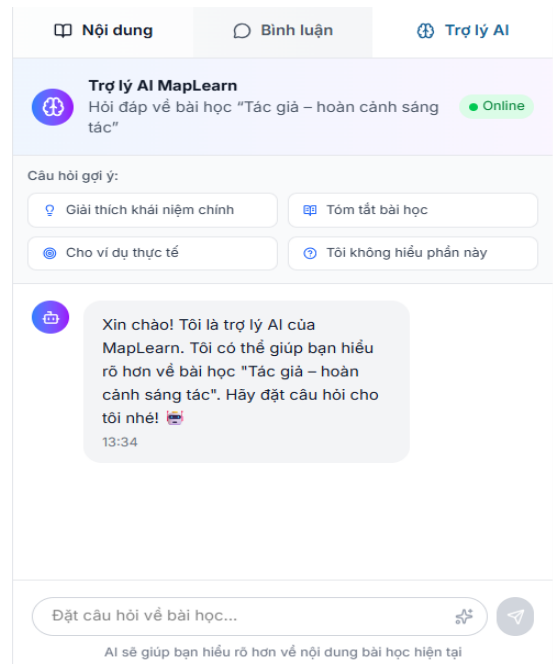

- **Chapter/Lesson Navigation**

- **Expandable Chapter List:**
  - Collapsible sections for each course chapter.
  - Lesson status icons:
    - Gray Play: Not started.
    - Blue PlayCircle: Currently watching.
    - Green CheckCircle: Completed.
  - Direct navigation: Click any lesson to jump directly.
  - Progress indicators: Visual completion status.

**Figure 20. Chapter and lesson navigation with progress indicators.**

- **AI Chatbot Integration**
  - **Course-specific help:** Context-aware responses.
  - **Learning support:** Answer questions about content.
  - **Interactive chat interface:** Real-time conversation.
  - **Course consultation:** Guidance and explanations.

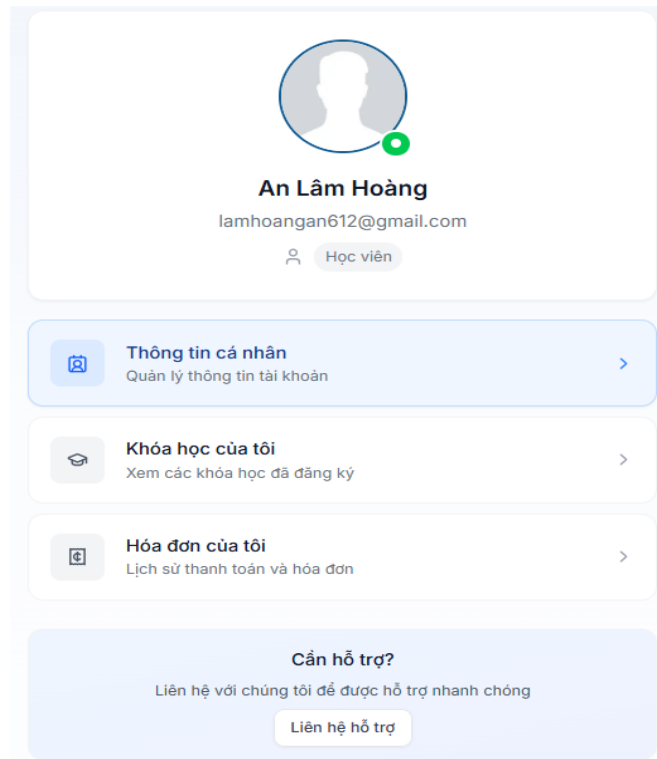

**Figure 21. AI chatbot integration for course assistance.**

## 7. Profile Page

- **Layout Structure**
  - **Two-Column Layout:**
    - **Left Sidebar** : Profile card, navigation menu, support section.
    - **Right Content Area:** Main profile content based on selected section.
- **Profile Header Card**
  - **User Avatar:** Profile picture with online status indicator.
  - **User Information:** Full name, email address...
- **Navigation Menu**
  - **Personal Information** : Manage account information.
  - **My Courses** : View enrolled courses.

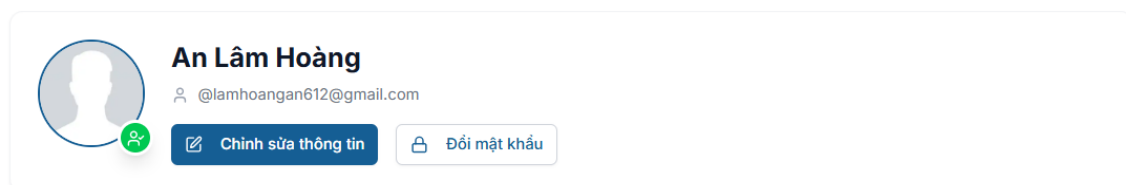

- **My Invoices** : Payment history and invoices.
- **Support Card** : Contact support section.

**Figure 22. Profile page navigation menu.**

- **Profile Header Section**

- Large avatar with verification badge.
- Full name and username display.
- Action buttons: "Edit Information" and "Change Password".

**Figure 23. Profile page header section with avatar and user info.**

- **Profile Information:**

- **Email Address:** With verification status and "Verify" button

if unverified.

- **Phone Number:** Contact information.
- **Gender:** User gender selection.
- **Birth Year:** Year of birth.
- **City/Province:** Location information.
- **School:** Educational institution.
- **Facebook Link:** Social media profile (if provided).
- **Two-Factor Authentication:** Security status with enable/disable toggle.

    - **Main Content Area:** Question display with navigation controls.
    - **Right Sidebar:** Timer, student info, question grid navigation, submit button.
    - **Footer Navigation:** Previous/Next buttons with progress indicator.
  - **Exam Title & Security Notice:**
    - Exam title displayed in large primary blue font.
    - Security warning: "Please don't leave the page while taking the exam. The system will automatically save your answers.".
    - "Get 10 Points" button (demo/testing feature).

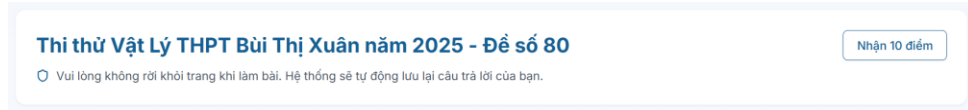

Figure 27. Exam title and security notice and 10 point demo button.

○ **Question Display:**

- **Question Number:** Circular badge showing current question number.
- **Question Content:** LaTeX-rendered mathematical formulas and text.
- **Question Images:** Multiple image support with proper aspect ratios.
- **Answer Interface:** Dynamic components based on question type.

The image shows a question interface. At the top, it says "Câu hỏi:" in blue. Below that, a question number "6" is in a blue circle. The question text is: "Cho mệnh đề P: 'Nếu n là số nguyên dương và  $n^2$  chia hết cho Hed 25, thì n chia hết cho 5'. Mệnh đề phủ định của P là gì?". Below the question, there are four radio button options: A: "n là số nguyên dương và  $n^2$  không chia hết cho 5", B: "n không là số nguyên dương và  $n^2$  chia hết cho 5", C: " $n^2$  chia hết cho 5 hoặc n không là số nguyên dương", and D: "n là số nguyên dương hoặc  $n^2$  chia hết cho 5". Each option is in a light blue box.

Figure 28. One of the question types with content interface and answers.

○ **Keyboard Navigation:**

- **Arrow Left:** Navigate to previous question.
- **Arrow Right:** Navigate to next question.
- **Enter:** Move to next question (only if current question is answered).

**Figure 29. Keyboard navigation in the exam interface.**

- **Student Information Panel**
  - **Student Name:** Displays current user's full name.
  - **Timer Display:** Large countdown in red (MM:SS format).
  - **Submit Button:**
    - Red styling with Send icon.
    - Confirmation dialog before submission.
    - Shows remaining time and unanswered questions count.
    - Disabled during initial countdown period (if applicable).
- **Progress Statistics:**
  - **Answered Questions:** Green box showing completed count.
  - **Remaining Questions:** Gray box showing unanswered count.
  - Grid layout for quick visual reference.
